Subject: Fw: NAS Green Chemistry Workshop
Attachments: GreenChem_Sept2011_agenda08.pdf; NAS Green Chemistry Wkshp.ppt

Attached is the final agenda for the upcoming **Applying 21st Century Toxicology to Green Chemical and Material Design**. Please circulate it to interested colleagues in the Agency.

The workshop is being webcast. The webcast link can be accessed through the Green Chemistry workshop page on the Emerging Science website: <http://dels-old.nas.edu/envirohealth/GreenChemistry.shtml>

Also attached is a PowerPoint slide. Should you happen to be presenting at related meeting, please use this slide to share information about the NAS workshop.
